

CASE STUDY – AGENCY SERVICES

AGENCY: Acquisition and disposal advice

CLIENT: Association of Project Managers (APM)

PROJECT: Acquire a new headquarters building and dispose of existing premises

APM is the largest independent professional body of its kind in Europe. It has over 16,500 individual and 500 corporate members throughout the UK and abroad and develops and promotes project management across all sectors of industry and beyond.

APM previously occupied fairly basic office accommodation in High Wycombe and to support the growth of the organisation and the push towards Chartered Status, resolved to acquire larger more prestigious office space.

The search culminated in the acquisition of circa 8,000 sq ft of new air conditioned offices (pictured below) in Princes Risborough, on Regent Park (a development of 30,000 sq ft of offices undertaken by Welbeck Land).

“Michael Garvey and his team have been very supportive in the search for new offices and with regards to the disposal of our old premises. They have been helpful throughout, in particular putting together a portfolio of offices for our review, explaining the ins and outs of leases to support our decision process and generally providing useful professional advice. We now look forward to moving to our splendid new offices”

Howard Dolan, Deputy Chief Executive of APM
