

Prime Marlow High Street shop LET

Chandler Garvey are pleased to announce that they have let 44 High Street to Charles Tyrwhitt.

The retailer is a well known name in suits and shirts, hailing from Jermyn Street, London and is a very good covenant for our Landlord clients.

The retailer opened for the Christmas trading period.

Martin Somers, Divisional Director at Chandler Garvey said

"This deal follows the opening of our Marlow office and we are extremely pleased to have attracted such a well-known brand to Marlow High Street."

Grade A refurbishment for Globeside

A brand new high specification refurbishment has just completed by a major fund client at One Globeside in Marlow.

The offices offer 38,000 sqft over 3 floors with a full height atrium reception. Letting floors of 12,000 sqft will be considered.

There is also the possibility of a new café facility within the Globeside Park. Chandler Garvey and Bray Fox Smith are the joint letting agents.

Beauty Salon to arrive at Chapel Street, Marlow

Chandler Garvey are pleased to announce the successful sale of 10 Chapel Street, Marlow, which was previously Thames & Chiltern letting agents.

It has been purchased by a very well known local name to Marlovians Susie Hayter from 'My Beauty Doctor Ltd'. She will be looking to open her Beauty and Medical aesthetics company at this premises.

Martin Somers commented "This is an ideal position for a company such as this, to have plenty of passing trade and in such a successful retailing town. It is still quite rare to find Freehold commercial properties in Marlow and Susie has done very well to obtain such a well-positioned property."

Chandler Garvey acted for the Landlord in the sale.

Exciting plans for former Chelton Site on Globe Park

Further to the news of a new hotel coming to Globe Park, Marlow, we can confirm that we have an exciting new tenant for part of the former Chelton site.

We will let you know further information in due course, as planning permission is currently being sought but suffice to say, Marlow occupiers and residents are likely be happy with the use of the building. More to come on our next newsletter.

Marlow Growth Company completes successful move

We were instructed by local Marlow firm 'Thomas International' to find suitable HQ offices for them, which needed to be in Marlow.

We have acquired offices for them, and only a stones throw from their previous West Street office.

Thomas International have now moved into their new offices, which are located at 18 Oxford Road in Marlow.

The space was fully fitted out as a high quality office facility very recently, so represented good value to our clients, who could almost walk in and start work. Thomas International took circa 6,500 sqft within the building, which is very conveniently located within the town centre, yet came with good parking within its own on-site car park.

Thomas are the largest privately owned global provider of people assessment tools.

Proposed Globe Park access improvements

A £1.5m proposal led by Bucks & Thames Valley Local Enterprise Partnership aims to improve the access to the park, which is seen as one of the major hurdles in letting empty office space at Globe Park. Issues with parking have also been raised and we understand a potential parking provision is already in discussions.

BTVLEP, Highways England, Bucks County Council, and Wycombe District Council have been working together on the access improvements, although we understand that works could be circa 4 years away.

Chandler Garvey is delighted to announce that it has won the EGi Most Active Agent for Buckinghamshire 2016.

The award, that Chandler Garvey has won twice before in recent years, is given to the firm that completes the most number of commercial property sales and lettings in the county over a 12 month period.

Michael Garvey, Managing Director, commented, "The team has worked hard over the past 12 months to complete deals in business conditions that are still challenging and it is great to see our hard work rewarded in such a prestigious manner.
